Emerson Bearing Unveils New Product Catalog

MARCH 22, 2011: BOSTON, MA...

[Emerson Bearing](#), catering to OEM (Original Equipment Manufacturers) and MRO (Maintenance, Repair and Operations) markets throughout the world, has recently announced the availability of a new Product Catalog.

Due to popular demand, Emerson Bearing has converted their extensive online product catalog into a traditional 210-page print catalog. The comprehensive print catalog better suits a number of Emerson's bearing clients who may not have easy access to a computer or who simply prefer the print catalog over the online catalog.

Emerson Bearing provides solutions to a variety of industries including: aggregate, concrete, mining, machine tools, electric motor repair, marine, material handling, metal processing, packaging, food processing, paper converting, printing, power generation, recreation, heavy construction, robotics, automation, transportation, wood products, wastewater treatment, pump, compressor and oil field.

The free catalog is available upon request. Call Emerson Bearing at 800-225-4587.

The Emerson Bearing Difference

In a proud tradition, the same families that started the company in 1957 keep Emerson Bearing rolling by specializing in bearings for OEM and MRO markets across the country. Emerson Bearing has a staff of 22 and a 23,000 square foot facility to provide bearings ranging in size from 3mm to tunnel-boring 15-foot-diameter giants.

Emerson Bearing offers customers a one-stop shopping experience. With an online product catalog with over 3 million bearings; a vast inventory of bearings; worldwide sourcing; a fixed price program; a knowledgeable staff dedicated to delivering; same day shipping and 24/7 service, Emerson Bearing has become the leading provider of bearings to OEM and MRO markets in the U.S. Emerson Bearing maintains headquarters at 201 Brighton Ave. Boston, MA. For more information, contact 617-782-1400 or toll free, 800-225-4587, email info@emersonbearing.com or visit www.emersonbearing.com.
